The Ulster BOCES New Paltz Campus Parking

As you turn off of Rte. 32 and look straight ahead, the four main buildings, from left to right, are:

- The Ulster Technology Learning Center (modular on far left with wooden ramp)
- Instructional Services (1 story with flat roof closest to Rte. 32)
- The Mid-Hudson Regional Information Center (MHRIC) (2 story center building)
- The Conference Center/Administrative Offices (the far right building attached to the MHRIC).

Community Relations and Risk Management are in smaller sub-buildings behind Instructional Services.

The Conference Center has many conference rooms, which host different events. Workshops are also offered in the Computer Lab A, which is located upstairs in the MHRIC. The Ulster Technology Learning Center is the home of several meeting rooms and technology labs.

Parking for all classes/workshops is in the big parking lot to the right of the Conference Center. Drive past all four buildings and use the back entranceway to access the Conference Center. Limited parking for the Ulster Technology Learning Center is available behind Community Relations and Risk Management.

If you are attending a workshop or other event in the Conference Center, please go directly to your conference room. In all other cases, please stop at the reception area in the Conference Center to sign in.
