Allied Health Occupations

The Allied Health Program is one of the many programs offered through the Career & Technical Education Center of Sullivan County.

CTE prepares students to be college and career ready. Students leave the program with the skills necessary for success in post-secondary education, the work force, apprenticeships, or the military.

Students have the opportunity to earn up to seven high school credits towards graduation, while meeting industry standards and learning the job skills essential for a specific career or trade.

All of our NYS Education Department approved programs include articulation agreements with colleges and trade schools. Students can earn college credit toward an associate or bachelor degree while they are in high school.

About the Program

The Allied Health Program is a career exploration program for high school seniors that provides students with the opportunity to gain the knowledge essential to all healthcare workers.

Through project-based learning, students will have the opportunity to concentrate their studies in a specific field or career area if they choose. Clinical rotations/ internships allow students to observe health professionals at work in a variety of settings. In addition, students learn critical thinking, problem-solving, teamwork, and communication skills important in post-secondary education and in the health professions.

Students may choose from Basic Allied Health or Advanced Allied Health.

Basic Allied Health
Includes instruction in:
• Basic Anatomy & Physiology
• Integrated Math and English
• Basic Career Exploration/Internships

Advanced Allied Health
Available for students who have an 80 average or above in: Math, Science and English
This program includes:
• Advanced Anatomy & Physiology
• Integrated Math & English
• Fundamentals of Speech (SUNY Sullivan)
• Advanced Career Exploration/Internships

Student Benefits
• Hands-on training in a state-of-the-art laboratory
• Career and Technical Endorsement on your high school diploma for successful completion of coursework
• Cardiopulmonary Resuscitation (CPR) Certification
• First Aid Certification
• Membership in the SkillsUSA Club
• Credits may be earned from the following colleges after successfully completing the program:
  • Columbia-Green Community College
  • SUNY Sullivan
  • SUNY Upstate Medical

The Advanced Program offers three (3) optional college credits for Fundamentals of Speech through SUNY Sullivan. The course introduces students to college while still in high school.

According to the NYS Department of Labor September 2017 Report, the industry has (within a 300 mile radius of Liberty)

10,861 jobs available
